

TRACK CIRA SHUTTLE WITH NEW REAL-TIME APP!

At Brandywine Realty Trust we're at work creating and sustaining transit-oriented developments. Healthy cities are essential to our mission. And we're focused on providing our tenants with innovative technology to simplify lives.

In Philadelphia we've outfitted our Cira Shuttle with real-time tracking in an effort to encourage **ridesharing** and complement the **live-work-play dynamic** in the city.
